Planning, Zoning and Economic
Development

Planning, Zoning and Economic Development Goal

To develop a vital economy where there is opportunity for growth, particularly in historically underdeveloped areas; citizens have opportunities for creating wealth and prosperity; and visitors consider Kansas City a desirable destination.

How to Get There: 2015 City Objectives for Planning, Zoning and Economic Development

1. Create and implement aggressive neighborhood revitalization plans that are consistent with Kansas City's comprehensive, long-range economic and physical growth plans with special attention to sustainable development projects or projects in historically underdeveloped corridors and neighborhoods. (2018)
2. Implement the City's long-range economic strategic plan utilizing the recommendations of the AdvanceKC strategic plan. (Tune up: 2017)
3. Implement programs that foster small business growth and development. (2016)
4. Implement the City Planning and Development Service Improvement Plan in order to streamline business processes and systems. (2017)
5. Enhance Kansas City as a destination for leisure and business travel through aggressive promotion of our community and continued investment in the City's convention and entertainment facilities. (Ongoing)
6. Prepare the airport terminals at KCI to meet and exceed the future needs and requirements for our customers and tenants to make KCI a world-class airport. (Ongoing)
7. Utilize arts-based strategies to support the creative sector in fostering economic and community development. (2017)
8. Increase support for economic prosperity of the creative sector. (Ongoing)
9. Develop a digital inclusion strategic plan for the City's part in the Kansas City Coalition for Digital Inclusion. (May 1, 2016)
10. Analyze the current and historic use of incentives in TIF, LCRA, 353, and PIEA areas to determine the ongoing need for development assistance. (2017)

Citizen Satisfaction with Airport Services

Source: Citizen Survey FY2016 YTD

Airport: Importance-Satisfaction Ranking

Airport Category	Importance	Satisfaction	I-S Rank FY16 YTD	I-S Rank FY15
Food, beverage, and other concessions	30%	46%	1	1
Availability of parking	35%	67%	2	4
Ease of moving through airport security	38%	72%	3	3
Cleanliness of facilities	24%	70%	4	5

I-S combines two important factors in order to create a list of priorities: **highest importance** and **lowest satisfaction**

- Importance = percent of citizens who selected service in answer to the following question: *“Which TWO of the Airport Services listed do you think should receive the MOST EMPHASIS from the City over the next two years?”*
- Satisfaction = percent of citizens who said that they were very satisfied or satisfied with the service
- Calculation of I-S = $\text{Importance} \times (1 - \text{Satisfaction})$

Objective 9

Develop a digital inclusion strategic plan for the City's part in the Kansas City Coalition for Digital Inclusion.

Digital Inclusion Strategic Plan

- As our efforts continue it is becoming more necessary and advisable to adopt a [Digital Inclusion Strategic Plan](#).
 - Plan will inform the City Council and City departments on how the City is engaging in current initiatives to bring the benefits of Internet access to all Kansas Citians and will make recommendations on how the City should grow these initiatives and continue to collaborate with the Coalition.
 - A working document of the Digital Inclusion Strategic Plan has been in place for the last year. The working document is shared with over 100 people involved in digital inclusion in KC. We are in the process of editing the working document into a format that will be useful to the City Council and will be submitted for adoption by resolution in [May 2016](#).
 - The Goals of the plan will include 1) increasing public access to Google Fiber Community Connections at Community Centers 2) implementation of the Digital Upcycling & Digital Scholars Programs 3) enhancing partnerships with Google Fiber, AT&T and other ISPs to bring low-cost Internet services to residents of economically-distressed neighborhoods, and 3) promoting opportunities for distance learning, distance working, homebased business and small business economic inclusion.

Connect Home

- To date, the City has been successful in a broad range of digital inclusion efforts.
 - Most noteworthy of these is the City's partnership with the Housing Authority on the White House/HUD ConnectHome initiative.
 - Through ConnectHome, Google fiber is connecting over 1300 households in the Housing Authority.
 - Other local partners are providing low-cost refurbished computers and digital life skills training as well as other educational opportunities.

Driving Broadband Utilization for Small Business

Strategic Networks Group – Small Business Growth Program

Personalize Results: DEi Scorecard

A DEi Scorecard is delivered to each business and organization

- Individualized ‘broadband health check’ that:
 - benchmarks competitiveness against peers
 - estimates ROI from increased utilization
 - provides links to local advisors and support
 - Includes “top 3” recommendations
- Data based on the individual’s current broadband utilization against industry average
- Shared with local economic development agencies so they can raise awareness, increase adoption, and drive utilization

This scorecard compares your current level of Internet use to other organizations of similar size in your industry sector. The Digital Economy index (DEi) is a score based on the Internet-enabled applications (e-solutions) that you use.

By using this scorecard you can uncover additional e-solutions that can bring the greatest potential impact to your organization through improved efficiencies, innovation, and increased profitability.

a micro-loan fund for **KANSAS CITY ARTISTS**

- In 2015 a pilot program was launched with Justine PETERSEN to support Kansas City arts-related businesses. Ongoing.
- On February 16th, *ArtCap* was launched, a \$250,000 loan pool dedicated to arts businesses to be administered by KCMO non-profit lender AltCap.
- An audit will be conducted for an inventory of arts business development support and gap analysis over the next year.
- AltCap will convene Referral Partners quarterly to monitor gap financing needs, assess the audit and identify gaps in arts business support.
